CENTRAL COAST OF CALIFORNIA

MARCH NEWSLETTER 1985

MARCH MONTHLY MEETING

The March meeting will be held at the SCIENCE NORTH Building on the CAL POLY CAMPUS on Thursday, March 28th, at 6:15 p.m. The meeting will be held in Room 313 on the third floor of the Science North Building. The Science North Building is building 53 on attached campus map and is located just behind Fisher Hall close to parking lot H4.

Closely observe the 6:15 starting time. You may receive a parking ticket if you park in the campus parking lots before 6:00 p.m.

MARCH PROGRAM

Our own French Morgan of the Cal Poly Bio-Science will present a program entitled "Sex and the Surge Protector!"

ROOM 313 - NEW CLUB MEETING SITE

Special thanks to Bob Ward for coordinating our use of Room 313 as our new Club meeting site. We understand that the room is a laboratory with 24 work stations that can accomodate 48 persons comfortably. Four IBM PC's as well as chalkboards will be set up in the room for our use.

THANK YOU USPFO !!

Kudos to Byron Smith for making the USPFO office available to SLO BYTES this past year. We have all benefited from Byron's generosity in providing the facility and we thank him for his unwavering consideration and thoughtfulness.

FEBRUARY MEETING

The Club was highly entertained with Dr. Elmo Keller's presentation on his statistics utility program, Micro Statistics Package (MSP). The modestly priced software package is compatible with any MSDOS computer and was indeed impressive. The program includes procedures for regression, analysis of variants, correlation, Chi square analysis of count data, plotting, sorting, and transforming data, saving and retrieving files, and on-line help information.

CLUB DUES

By the unanimous vote of all members attending the February meeting, dues for 1985 will be set at the March meeting. This is the time for your voice to be heard! We do not anticipate any increase in annual dues beyond \$15 per member unless you would like to see the Club make some specific purchases, such as a disk magazine. As it is, your dues are used to stock our public domain software library and to mail these humble monthly missives. Please bring your check book, cashier check or money order, together with your driver's license for ID.

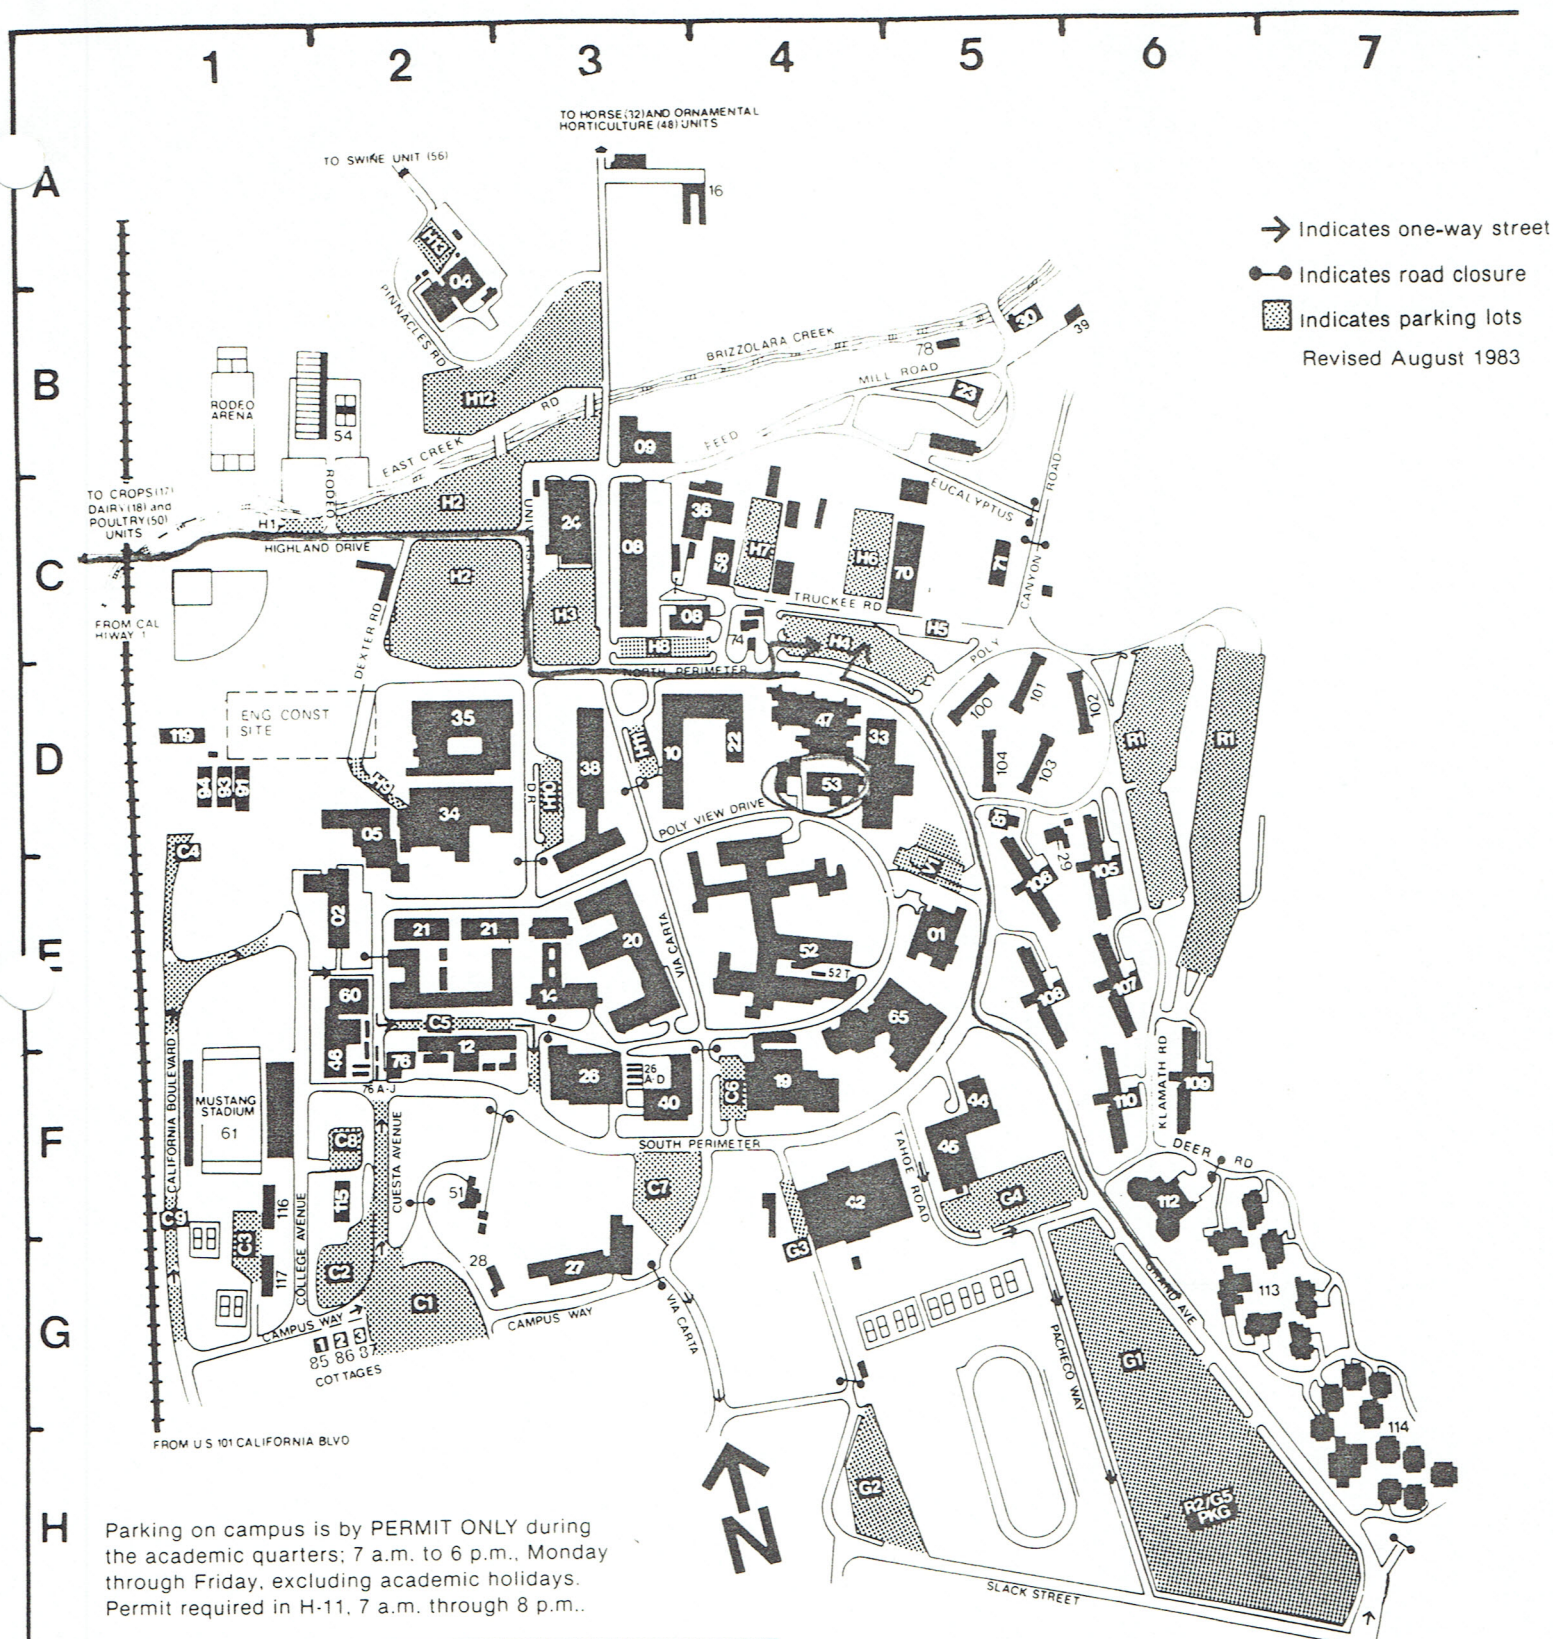

TOINE SARRAGOSSA RELOCATES

Toine Sarragossa has relocated to the Bay Area to get a little closer to the action. Toine speaks highly of QIC Research 300/1200 modem (\$257) that is part of the BITCOM software package. For those trying to add a tractor feed to your Brother HR-1 printer, write Toine at 258 Stagehand Drive, San Jose 95111 for suggestions.

MARCH SALES

Call Tom Quiggle (541-5085) if you are interested in his COMPAQ (256k with two disk drives), Okidata ML-90 printer, and miscellaneous software. Tom is looking for \$2,450 or the best offer.

SEE YOU AT CAL POLY !!
